LA VIE RESIDENTIAL COMPLEX IN DUBAI

The off-plan residential complex La Vie is a new high-end project from the well-known developer Dubai Properties. The 37-storey residential complex is located on the first coastline of the man-made Jumeirah Beach Residence (JBR Beach) peninsula, part of Dubai Marina, the largest district in the emirate.

The building is designed in the Art Deco style, inspired by the modernist architecture of Miami resorts. The facades are decorated in light shades that perfectly match the colours of the sea coast, palm trees, and green lawns surrounding the community.

The new La Vie building in Dubai will have numerous amenities, such as:

- a private beach;
- a 31-metre infinity pool with spectacular sea views;
- gyms with modern equipment;
- a gym with panoramic windows overlooking the sea;
- long paths for walking and jogging;
- a barbecue area;
- landscaped gardens;
- children's playgrounds;
- a spacious lobby with designer decor, concierge services, and cozy lounge areas;
- high-speed elevators;
- a security system.
